## MA-L2X

## **Muting arms**

**#di-soric** 

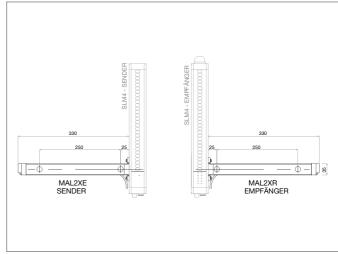

- Muting easily done by hardware wiring to SLM4
- Pre-wired muting arms for SLM4 for quick start-up
- Integratable, height-adjustable muting arms in mounting groove from SLM4
- Simple connector, connection of the muting sensors directly at the SLM4 safety light grid

## Safety instructions

All the installation, connection and safety regulations, as per our technical information, have to be strictly adhered to.

The set-up of the products have to be made by skilled staff, only. Repair exclusively made by di-soric.

| TECHNICAL INFORMATION (typ.)   | +20°C, 24 V DC   |
|--------------------------------|--|
| Protective function            | Access control   |
| Operating principle            | Through beam sensor                                      |
| Number of beams                | 1  |
| Emitted light                  | Infrared   |
| Service voltage                | 19,2 28,8 V DC   |
| Operating distance             | 1 2,5 m  |
| Switching output               | pnp, 100 mA, NO  |
| Ambient temperature, operation | -30 +55 °C   |
| Scope of delivery              | quick installation guide, Fixing material, 2 muting arms |
| Muting sensors adjustable in   | height   |
| Execution of the muting arms   | L (2 muting arms), 2 muting sensors, Cross muting        |
|                                |  |
