

MINITIMER Timer, Release Delay MK 9961

- According to IEC/EN 61 812-1
- Delay up to 600 s
- Repeat accuracy $< \pm 1 \%$
- Without auxiliary voltage
- Available with instantaneous contact
- Safe resetting
- Remote potentiometer connection to terminal Z1 - Z2 possible
- 2-wire proximity sensor control
- Width 22.5 mm

Connection Terminals

Terminal designation	Signal description
A1, A2	Operating voltage
15, 16, 18	Changeover contact (delayed)
23, 24	NO contact (instantaneous)
Z1, Z2	Input for remote potentiometer connection for time setting
