

Cordon, Automation Line, M8

Infos produits Désignation

2 esignation	7.E 31711. 3. E 3/33 / 3
Réf.	8045419
Longueur	5m
Code douanier	85444290
Fichier STEP	AL-SWKP3P2.stp
EAN	4047106004231
Données techniques	
Connecteur	femelle, coudé, M8, avec LED
Nbre de pôles	3
Brochage	1 BN, 3 BU, 4 BK
Tension d'évaluation	30V
Courant admissible par pin par 40°C	4A
Résistance d'isolation	≥108Ω
Résistance	≤ 5mΩ
Température ambiante	-30°C+90°C
Logique d'activation	pnp
Affichage de la logique d'activation	LED YE
Affichage tension de service	LED Verte
Matériau-contact	métal, CuSn, plaqué or
Matériau-porte-contact	plastique, TPU, BK
Matériau surmoulage	plastique, TPU transparent
Matériau bague	métal, CuZn, nickelé
Matériau joint femelle	FPM/FKM
Norme	IEC 61076-2-104
Classe de protection (monté)	IP65, IP67, IP68
Durée de vie mécanique	>100 cycles
Confection terminale	sortie fil
Taux de salisures	3

AL-SWKP3P2-5/S370

Câble PUR, UL, S370

Câble de commande souple, sans silicone, sans halogène, à haute résistance mécanique. Le câble est résistant aux produits chimiques, à l'hydrolyse et aux microbes. Il est possible d'utiliser une chaîne porte-câbles avec un rayon de courbure d'au moins10xd. Grâce à sa résistance aux étincelles de soudure, le câble est parfait pour des utilisations diverses dans le secteur de la robotique, des machines-outils et de la fabrication par enlèvement de copeaux. Les câbles sont conformes aux normes UL et CSA (UL10493/20549; cULus).

Diamètre extérieur gaine	4,00 mm
Matériau gaine du câble	PUR
Couleur de la gaine	BK, similaire RAL9005
Diamètre de fil	3 x 0,25 mm ²
Matériau isolation des brins	PP
Couleur de fil	BN, BU, BK
Composition des brins	32 x 0,10 mm
Rayon de courbure (fixe)	5 x Ø-câble
Rayon de courbure (mobile)	10 x Ø-câble
Plage de température mouvement	-30°C+90°C
Plage de température fixe	-50°C+90°C
Plage de température chaîne porte-câble	-25°C+60°C
Fait pour les chaînes porte-câbles	5 Mio. cycles
Sans halogène	oui
Torsion	+/-360°/m, ≥ 2 Mio. cycles
Tension nominale câble	≤300 V
Caractéristique spécifiques	résistant aux flammes, résistant à l'eau de mer, recyclable, sans LABS, conforme RoHs, résistants aux acides et aux alcalins, résistant à l'ozone, résistant aux UV, résistant à l'hydrolyse, applicable chaînes porte-câble, résistant à la torsion, résistant aux grabons de soudure, sans halogène, sans silicone, résistant à l'huile
Classification	

Classification	
eCl@ss 6.0	27279218
eCl@ss 7.0	27279218
eCl@ss 8.0	27279218
eCl@ss 9.0	27060311
