

Capacitive sensors Series - KXS-Extreme

Housing M 16 x 1

- Housing material: PEEK
- For connection to capacitive evaluation units KXA-5-1MINI-...
- Extreme large sensing distance
- Up to 250° C ambient temperature

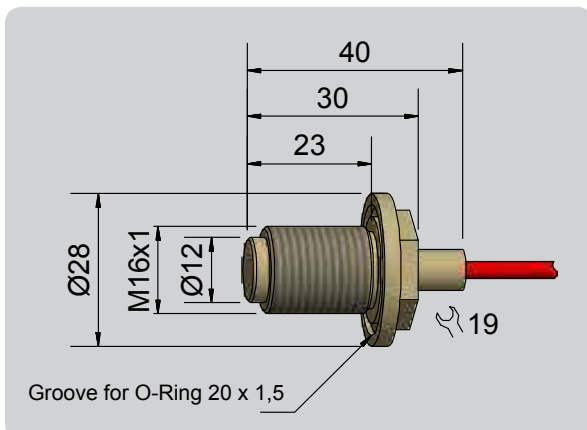

Technical data

Flush mountable

Operating distance S_n	15 mm
Operating distance adjustable	1...25 mm
Type	KXS-250-M16/30-X-M16-PEEK-250C-X02/Y95
Art.-No.	KX 0104
Permitted ambient temperature	-70...+250 °C
Enclosure rating IEC 60529	IP 67*
Norm	EN 60947-5-2
Connection cable for connection to capacitive evaluation units KXA-... with plug-in connector	2 m FEP, Triax
Housing material	PEEK (FDA 21 CFR 177.2415)
Active surface	PEEK (FDA 21 CFR 177.2415)

*Enclosure rating IEC 60529 for connector on request.

Made in Germany
