

## Squeeze clamp

Process connection: G 1"

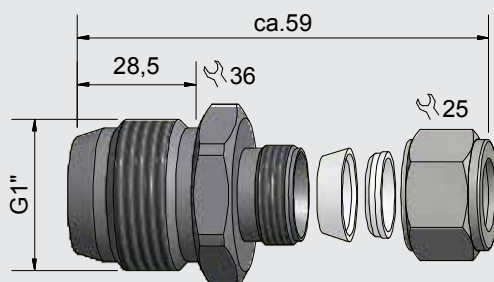

- Material: Stainless steel VA No. 1.4404 / AISI 316L
- For mounting capacitive probes (Ø 16 mm) without connection head
- With PTFE O-rings
- The PTFE O-rings allow the screw connection to be reopened and fixed in a different position on the probe.

### Technical data

<b>Type</b>	<b>A-KLV-D16-G1-VAc/PTFE</b>
<b>Art.-No.</b>	<b>194 011</b>
<b>Material</b>	VA, No. 1.4404 / AISI 316L, FDA-conforming
<b>Process connection</b>	G 1"
<b>Applicable for capacitive level probes with diameter:</b>	16 mm
<b>Accessories (is delivered with the unit)</b>	2 PTFE O-rings

All specifications are subject to change without notice. (04.03.2020)
